

*Thank you for registering your team for the 2026 Springfield Dragon Boat Festival. Please forward the information below (after "Hello!") to your potential team members. You need at least 8 women on your team, for a total of 16 people plus spares on Community teams, (20+ on Club teams). Without 8 women you can race, but may not qualify for a medal. If you have all women, you may enter our Women's Division - just let us know.*

*Separately, we will contact you to schedule a practice session, if you are interested. Here are some tools you can download to help you recruit participants:*
